

The history of **KVINT** dates back to 1897, when the first rectification warehouse was built and launched into operation in Tiraspol. At that time, it was specialized in production of 40% alc. vodka from homemade grape wines purchased from the peasants of nearby villages. The production of divines was started 4 decades later – first wine-distilled spirits were put for ageing in 1938. Nowadays this company with 125 years of history holds a leading position among the manufacturers of alcoholic beverages in Moldova. In factory's cellars are kept 11 million liters of eaux-de-vie spirits aged from 1 year to 60 years.

Location: Pridnestrovian region, town Tiraspol (78 km away from Chisinau, about 1,5 h drive).
