

BRANESTI WINE CELLARS

Winery location: Branesti village, Orhei District (about 50 km from Chisinau)

Brănești Wine Cellars lie in a very close vicinity with Orheiul Vechi archeological and historical complex, preserving their exclusive wine collection in an old limestone mine. The underground galleries of Branesti winery extend over a distance of 70 km km under the ground, with unique tasting halls with sophisticated architecture and interior covered with perennial dust that is originally preserved and untouched. The entire architecture is built at a depth of 60 meters.

The winery is specializing in red and white wines, dry and semi-dry wines as well as sparkling wines, which are really inviting. But of special demand and interest are the wines like Marsala, Madeira, pastoral wines involving special technology in producing them.

We invite you to take a tour to a “Stone Age” of Branesti cellars.
